William Chrisman High School

Independence, Missouri

# Foreword

Doors of William Chrisman opened September 4, 1956, for the fortieth time—and the last time that Chrisman will function as a three year high school. This fall juniors and seniors will convene in a spacious new building at 24 Highway and Noland Road.

Busy hands have worked hard to make this year one that will long be cherished in the hearts and minds of Chrisman students. The coming year is a challenge in many ways—a challenge to create a new and better Chrisman as well as carrying on the traditions and achievements of the past. This challenge is incorporated within the lines of the poem *The Salutation of the Dawn*:

Listen to the exhortation of the dawn!  
Look to this year! For it is life,  
The very life of life.

In its brief course lie all the verities  
and realities of your existence.  
The bliss of growth,  
The glory of action,  
The splendor of beauty.

For yesteryear is but a dream,  
And next year is only a vision,  
But this year well lived  
Makes every yesteryear a dream of happiness,  
And every next year a vision of hope.

Look well, therefore, to this year!  
Such is the salutation of the dawn.

-Anonymous-

As hands of the past have worked hard to make William Chrisman what it is, so must the hands of the future grasp the opportunities that lie before them and make the coming year one that will go down in the annals of William Chrisman as one of the "best."

Construction workers who are striving dilligently for completion of facilities.

Busy hands of these workers will enable the fulfillment of our dreams.

Willing hands of teachers and administrators have pointed the way to higher goals and achievements.

O. L. Plucker  
*Superintendent*

In keeping with his desires to grant every facility and opportunity to the students of the Independence Public Schools Dr. Plucker has, during his three years as superintendent, been active in the planning of the new William Chrisman high school building. As a member of the present school system for the past six years, he has had an opportunity to watch the growth of the entire enrollment.

When asked about the change from the old building to the new he replied, "With the close of this year, we look forward to a new era for William Chrisman high school. The Class of 1957 will be the last class to graduate from the present high school building but the grand tradition of our schools will carry on.

"I am sure we are all proud of the hundreds of fine young men and women who completed their high school work in these halls. I am equally confident that as we move to our new building we will use these improved facilities to climb to even greater heights and to spread the fame of William Chrisman high school to ever widening fields."

## Administrators spent a successful year

Dr. Carter as administrative assistant aids Dr. Plucker in the supervision of the Independence school district. Working for the third year in the Independence school system, Dr. Carter has observed the growth of William Chrisman and played his part in planning its expansion.

When asked his view on the change from the old building to the new he replied, "With the completion of our new high school plant embodying the latest in architecture and design, featuring academic areas resplendent in functional furniture and equipment, may the students, community and faculty all join hands as we progress together in the attainment of uncharted horizons."

Pauline Brown  
*Secretary to  
Superintendent*

Guy Carter  
*Administrative Assistant*

Guiding the lives of students of William Chrisman is Mr. Benson, principal. He has observed the growth and change of Chrisman since his graduation in 1930 and during the past five years as administrator.

William Chrisman was constructed in 1918 with the idea of having a maximum number of 950 students. Throughout the years the increase has been gradual until the enrollment is now 1300.

Thinking as an administrator Mr. Benson said that changing from the old William Chrisman building to the new one on Noland Road will be advantageous to all students concerned. For example the science rooms' facilities cost approximately \$24,000; this comparison of equipment is about the same throughout the entire building.

"Traditionally, we hate to leave Chrisman because of the many fine remembrances that will always be so dear to all but socially and academically the advancement will be far-reaching."

Serving as vice-principal, Mr. Gregory Lefever has spent much time helping students become adjusted to life in Chrisman. After sixteen years of service at William Chrisman he makes the following observations concerning the changes.

Joseph F. Benson

## executing plans for students of tomorrow

"After some several busy years at William Chrisman I am looking forward to working in a splendid new building with additional facilities and new equipment. Along with the changes in buildings will come changes in courses offered, and some reorganization in the program of extracurricular activities."

"The anticipated (and some unexpected) changes are a natural outcome of growth and progress since schools must keep pace with the community of which they form a vital part. Such being the case we are very appreciative of our community's sympathetic understanding and generous support to the solution of our school problems."

Mrs. Floyd Snyder, Sr.  
*President*

"With the co-operation of administration, pupils, teachers and patrons the dream for additional room for high school students is about to be realized. The Class of '57 is the last one to be graduated from the present building.

"For sometime class rooms have been too crowded and other facilities have been inadequate. In spite of all handicaps the great majority of students have tried to cope with crowded conditions. The Class of '57 will have a true sense of pride in being graduated from a school where all have made the most of conditions as they have found them.

"The Board of Education congratulates you for maintaining such high standards and for the many high honors members of your class have attained."

Mr. Brown, Mr. Weeks, Mr. McCluhan, Dr. Plucker, Mrs. Baldus, Mr. Boyer, Mrs. Snyder, and Miss Jones in the regular October meeting considered along with other problems, that of housing the ever increasing number of students in the Independence school district.

The Halloween beartown was one of the high lights of the year. Beartowns were enjoyed by all the students at William Chrisman.

Miss Margaret Titus is listening as Marjorie Williams tries out for *SEVEN SISTERS*, the junior play.

Judy Spangler writes a notice on the bulletin board while Jewel-dean Beal and Laura Cox look on. The bulletin board is one of the means by which students at Chrisman are notified of coming activities.

Don White, John Brown, and L. C. Hatley wait in line while Joyce Cupp buys a candy bar. Buying candy between classes is a favorite pastime of Chrisman students.

## Guidance and work brought success

One of the most successful seasons Chrisman has encountered in many years, was enjoyed by all Chrismanites in 1956, as the Bears took second place in the Pony Express Conference with a 7-2-1 record. The only defeats came at the hands of old rivals, Raytown and Northtown, both by a score of 33-0.

Chrisman broke a losing streak of sixteen years, in a very chilling and suspenseful way, over Northeast, 13-6. Starting another long rivalry was the Van Horn game in which Chrisman came out on top of a 7-0 score. The De LaSalle Cadets and East Bears were Chrisman's other non-conference opponents, as the Bears won, 20-0 and 14-0, respectively. Enabling Chrisman to gain second place were the wins over conference foes: St. Joseph Benton 28-7; St. Joseph Central, 13-7; and Wentworth, 52-7. The Bears tied St. Joseph Lafayette, 6-6.

Coaching the Bears to their success and victory were Coaches Denny Studer and Don Willsey. The excellent guidance of these two coaches was shown in the record of William Chrisman's games. Coach Willsey is a newcomer to the coaching ranks of Chrisman and successfully piloted the "B" Bears to an 8-1 record.

Coach Travis Hopkins and managers, Bobo Elliott and "Mouse" Thacker, use body as well as verbal English to help the Bears.

On January 18 the Bears moved into the new Chrisman fieldhouse, located on the corner of Noland and Highway 24. The new gymnasium was very deserving of the victorious team that played on its floor.

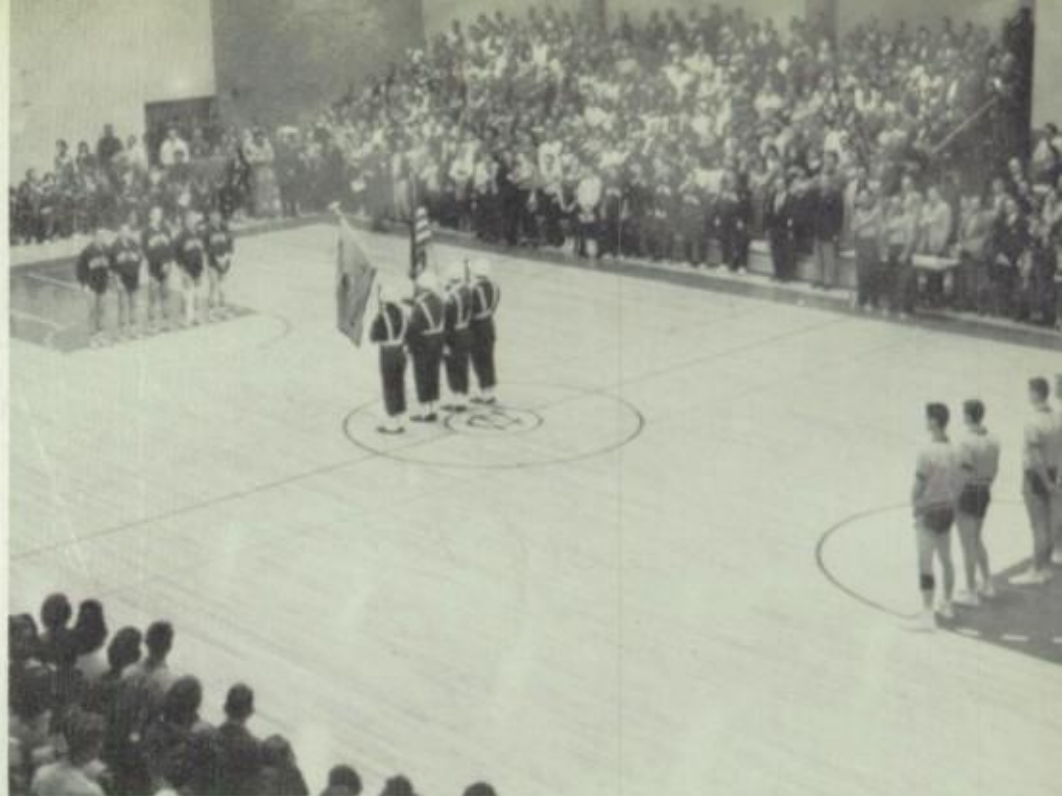

The varsity Bears, coached by Travis Hopkins, enjoyed a successful season as their seasonal record was 20-4. The Bears took first place in the Northtown tournament by defeating Rockhurst, Pem-Day, and Northtown in succession. In the Lee's Summit tournament, the Bears gained third place by a loss to Pem-Day with wins over Liberty and Lee's Summit.

Other losses came from Central, Lee's Summit, and Northtown. The Hornets were again the Pony Express Conference champs while the Bears were entitled to second place with their conference record of 8-2.

Jerry Reed blocks a shot made by Jim Whipple of Van Horn. Standing by is Kent Twyman of Van Horn.

Paul Mitchell makes a lay-up shot good as Ronnie Henderson of North Kansas City fails to prevent Paul's making a shot.

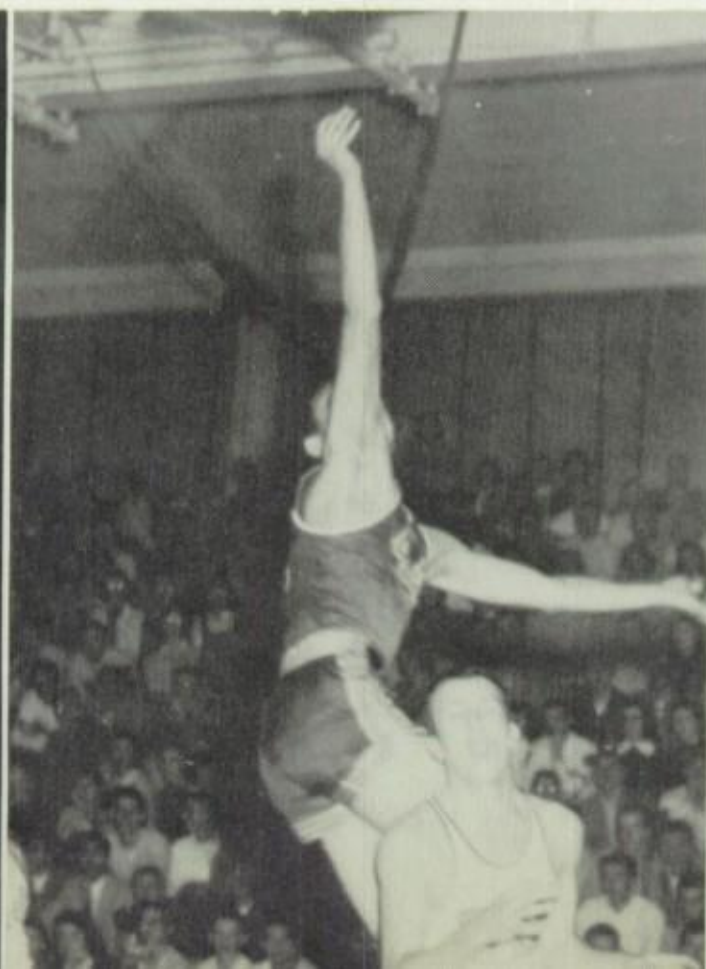

Paul Mitchell leaves East player, Charles Yardley, behind in scoring a fast lay-up shot. Comstock and Brunson follow closely as insurance men.

While standing as the band plays the national anthem, the capacity crowd in the new field house takes in the beauty of the Bear's new home.

Sharon Soule, president, pins a yellow carnation on new member, Jane Hunt, as Lysle Weeks pins a blue and yellow ribbon badge on Eddie Cooper. These are emblems, signifying membership in the National Honor society. Membership is based upon scholarship, service, leadership, and character.

Sharon Soule and Alice Fawn Hooker welcome K. Nigh, B. Callahan, L. Long, T. Meloan, M. Smith, C. Bullamore, and G. Resch as they come forward to receive their emblems at the annual Honor society assembly. Forty seniors and twenty-two juniors were inducted into the Chrisman Chapter February 26.

Making plans for initiating new members into the National Thespian society, which is devoted to the advancement of dramatic arts in secondary schools, are Alice Fawn Hooker, Hilde Eberle, Bob Elliott, Jim Ham, and Kathy Nigh. The primary aim of the society is to make students intelligent consumers of the dramatic arts.

Linda Jane Clements, Carolyn Caskey, Jeannine Hutchings, and Linda Long are reading the Chrisman Troupe charter. Membership in this honorary society stresses participation in dramatic arts as the means of teaching boys and girls standards of evaluation and appreciation of the theater, radio, and the screen.

Student members must be in the upper third of their class scholastically and must have done superior work in some phase of journalistic endeavor.

## NFL brings honors to school and community

C. Caskey, T. Brizendine, and L. Weeks proudly show the Tau Kappa Alpha trophy to E. Hansen and C. Huggins. Speech classes at Chrisman have been accumulating points toward the trophy since 1934. With the 42 points earned by the 1956 contestants, they were able to bring home the coveted trophy.

In a practice debate Jackie Huggins is finding material in the card file while Jeannine Hutchings gives a speech. Linda Clements and Ed Draper, the opposing team, listen intently.

Carolyn Caskey, Peg Lawrence, Patti Miller and Kathy Nigh happily admire the trophy which their society won in the Shan literary contest this year.

Hilde Eberle, Laura Melton, Judy Jo Johnson, Marilyn Harris, Marilyn Goodman, and Carolyn Luther are shown gathering toys which they took to a Negro orphanage at Christmas time.

Marilyn Fresonke, Marilyn Harris, Judy Weber, Pat Latimer, Jean Gibbs, and Sheila Vroom build a pyramid, one of the many stunts performed in girls' gym class.

All eyes are on the ball as Kitty Hansen shoots for a basket. Eagerly awaiting the rebound are Marilyn Harris, Gayanne Cleary, and Lila McPherson. Basketball is a favorite sport among the girls and much competition is provided.

## Physical education develops teamwork

Exercises and more exercises—girls limber up at the beginning of class by doing numerous exercises. Gym class, a break in the day, is looked forward to by all girls. It is an enjoyable class and relieves the tension of routine school work.

Coach Gardner explains basketball rules to the gym boys. All the fundamentals of the game must be learned before play begins.

## It builds healthy bodies and alert minds

Gym boys are really up in the air. An exercise done before class everyday is climbing the ropes; it strengthens the arm muscles and builds co-ordination.

The contest is on as to which boy will chin himself the longest. By chinning boys strengthen muscles for more strenuous activities.

The artistic ability of Hilde Eberle, Sterling Bradley, and Liz Stark is developed in art class. They are experimenting with brayer painting.

## Varied classes

Larry Coughenour uses a little friendly persuasion on Cynthia Carl as they reenact a scene from their reading in literature class.

In group discussion of mutual problems students learn to be better citizens. The American problems class was offered for the first time this year.

Donna,

Miss Ott's first hour English IV class bends to the task of writing themes, a frequent activity of senior English students.

Geography plays a part in the study of world history. Early civilization was located in the region pointed out to John Truman by Donna Sutton.

## **promote abilities of each student**

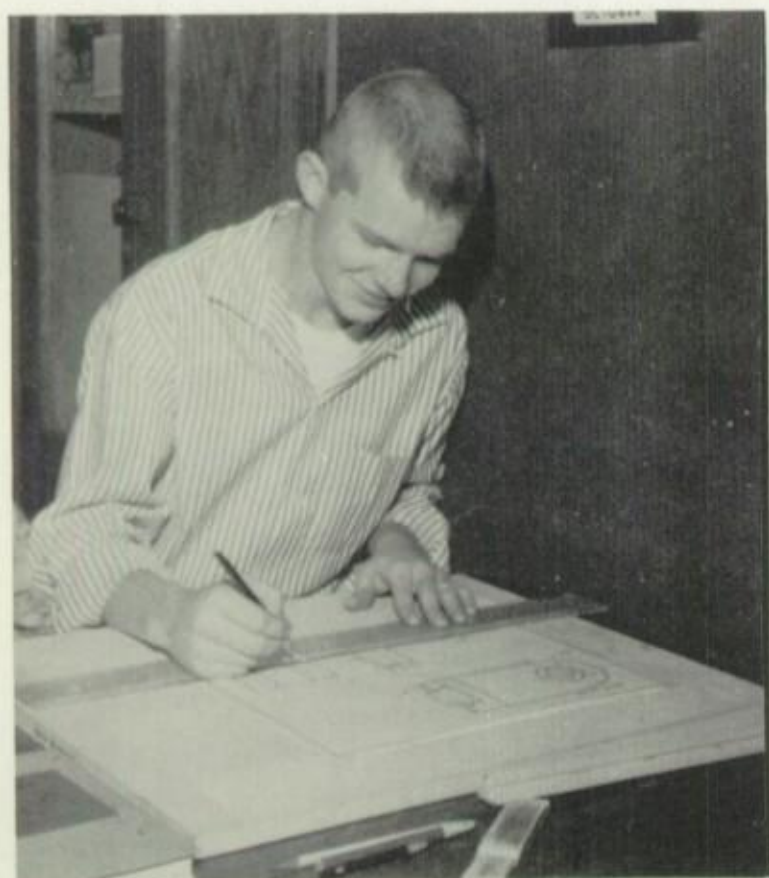

The study hall is the scene of many activities besides study as demonstrated by this portion of the first hour study period.

Amateur carpenters convert lumber into finished articles of furniture in the woodworking class. H. Harbaugh, R. Hawkins, C. Williams, H. Hensley, G. Ussery, F. Lewis, and J. Reed demonstrate arts acquired in this class.

## Students plan for future years

Steady hands and infinite patience are required by Johnny Nelson, a student of mechanical drawing, as he painstakingly traces a drawing plate.

One method to a man's heart is practiced by J. Sackett, C. Searcy, S. Jones, and B. Ross in the cooking department of home economics. Home economics is divided into two half-year sections, cooking and sewing.

Mr. Willsey, driver education instructor, C. Hendric, D. Wilson, and J. Baumsburger delve into the mysteries of an automobile engine. The care and operations of an automobile are mastered in the one-semester class.

## by training in vocational skills

Alphabetizing, repairing, and checking of the six thousand and eight hundred books in Chrisman's library is the job of library assistants Barbara Kroeson and Verlin Cross.

COE students, Gary Holmes and Bill Huntsucker, are engrossed in a movie. Two credits are received by members of the co-operative occupational education class, where class work is mixed with actual work experience.

Publications I class sold subscriptions in homerooms for the paper, the ENVOY and the GLEAM. Counting money are M. Clemens, J. Baker, C. Barron, J. Farris, D. Bates, B. Blum, S. Epperson, D. Draper, and W. Corfman.

Receipts were written and returned to students by juniors P. Huskisson, D. Richards, B. Osthoff, B. Jackson, J. Johnson, P. Richardson, C. McCarty, D. Maness, and S. Kibler.

*near now it's been a lot of fun in gym class this past semester, don't you think? I have enjoyed knowing you and P. Layton. You're the same team as you! Lots of luck to a sweet girl love, Phyllis Smith.*

ENVOYS were distributed to the homerooms bi-weekly by the juniors. L. Soper, N. Taylor, J. Miller, J. Sackett, M. Salisbury, P. Ruppert, P. Whittle, A. Tommey, and B. Trescott are counting papers.

The "5 W's and H" — steps to effective journalism—are studied by M. J. Heinrichs, M. A. Harris, C. Hays, P. Herrick, B. Huhn, J. Gentry, P. Foulks, C. Hanford, and C. Handy. Publications I students were assigned to staffs in the spring when they published an ENVOY and began plans for the GLEAM of '58.
